

**REMARKS**

In the Office Action dated January 8, 2008, the Examiner makes final a restriction requirement for the claims in the instant application that the claims recited within the instant application are allegedly organized into three groups of claims. The Applicants have elected with traverse claims 6-9. In the response of January 8, 2008, the Examiner fails to assert any rejection or objection as to why the elected claims 6-9 are not patentable. Absent any rejection or objection pending in this matter, the Applicants respectfully request that the application be immediately passed for allowance.

Respectfully Submitted,

EBERSOLE ET AL.
